CONTRACTOR MEMBER APPLICATION

Site Built Design Architect Members are registered professional architects who design site built Residential and Community/Commercial safe rooms. Site Built Design Architects demonstrated knowledge of and have experience with the application of the ICC/NSSA 500 Standards, FEMA P-361 guidelines and IBC building codes that apply to Residential and Community/Commercial safe room design. They can state on their professional listing if they desire or have experience in specific design applications such as schools or rest area facilities and other structures. They can also list other specific areas of expertise in which they have a design or standards background

Applicant Name: _____

Company Name: _____

Mailing Address: _____

City: _____ State: _____ Zip Code: _____

Phone Number: _____ Fax Number: _____

E-mail: _____ Web Address: _____

The information above will appear on the NSSA Website once approved for membership.

- Contractors:** Briefly describe when and how your firm gained the knowledge and expertise of the standards, guidelines and building codes for community safe rooms specific to the services you provide.

- Contractor Project History:** Briefly describe services you provide the Site Built Producer (general contractor, if applicable) in the construction of Community/Commercial safe room projects. Please attach a list of the projects worked on, if you prefer.

- Who referred or encouraged you to apply for membership with NSSA?

- I enclose a membership application processing deposit of \$100. I understand that this deposit will be applied to my NSSA membership dues (\$200) when membership is approved. The deposit will be retained by NSSA until membership is approved.

5. I have read the NSSA Bylaws specifically the Code of Ethics and agree to abide by them. I also agree to support the purpose and objectives of NSSA and uphold its principles of maintaining quality workmanship, compliance with standards and guidelines and public safety for all Community/Commercial safe rooms you work on.
